OM ATHARVA INDUSTRIES

Together We Grow

The Engineering Solution for Precise Sheet Metal and Fabricated Components

OM ATHARVA
INDUSTRIES

ABOUT US:

- Om Atharva Industries is a group company of Wadhokar Group of Industries which has been a pioneer in the automotive sector having esteemed customers in their portfolio and a wide range of experience in the field.
- Established in 2015
- Family of 120 people
- Cater to Power and Auto Sector
- Turnover of 25.41 Cr as of 2024-25
- Growing at a rate of 30% avg YoY
- Currently operating in 3 plants across Pune

OM ATHARVA
INDUSTRIES

VISION

Om Atharva aspires to be a global leader in innovative, precision-engineered components by harnessing our operational excellence to deliver best-in-class products and services.

MISSION

Engineering excellence in sheet metal for the evolving needs of Auto & Power OEMs.

CORE VALUES

- SYSTEM
- SERVICE
- SAFETY
- SATISFACTION
- SUSTAINABILITY

OM ATHARVA
INDUSTRIES

INFRASTRUCTURE

65,000+ SQ FEETS
Industrial Shades Area

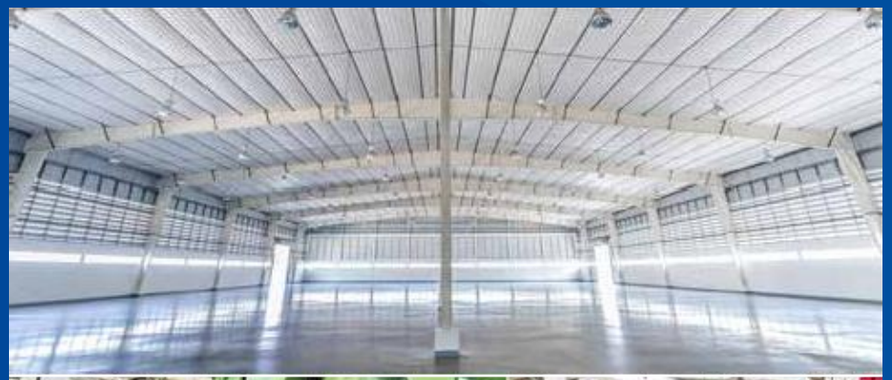
PRESS SECTION
Presses up to 500 Ton Capacity

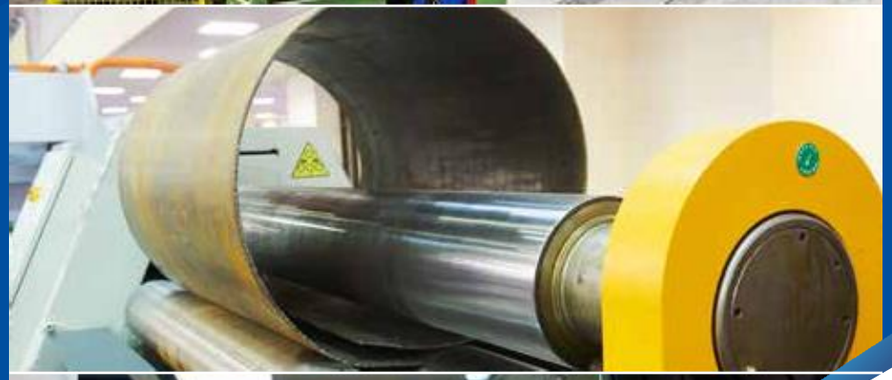
ROLLING SECTION
Plate Rolling Machine of Capacity upto 18MM X 2500 MM

WELDING SECTION
Well Equipped Weld Shop suitable for precise Co2 and Argon Welding

SHOT BLASTING
In house Shot Blasting Facility

POWDER COATING & PAINTING
In House Powder Coating Setup with Paint Shop





OM ATHARVA
INDUSTRIES

INFRASTRUCTURE

LASER CUTTING MACHINE

HSG Laser cut machine with a capacity of 3W that can cut upto 20mm thickness

CNC PRESS BRAKE

Press Brake for all the critical bending operations

MACHINES IN PIPELINE

ROBOTIC WELDING

Hi-Tech robotic welding to increase accuracy and precision in quality

ROBOTIC ARM

Robotic arm for press machines to enhance safety and increase efficiency

OM ATHARVA
INDUSTRIES

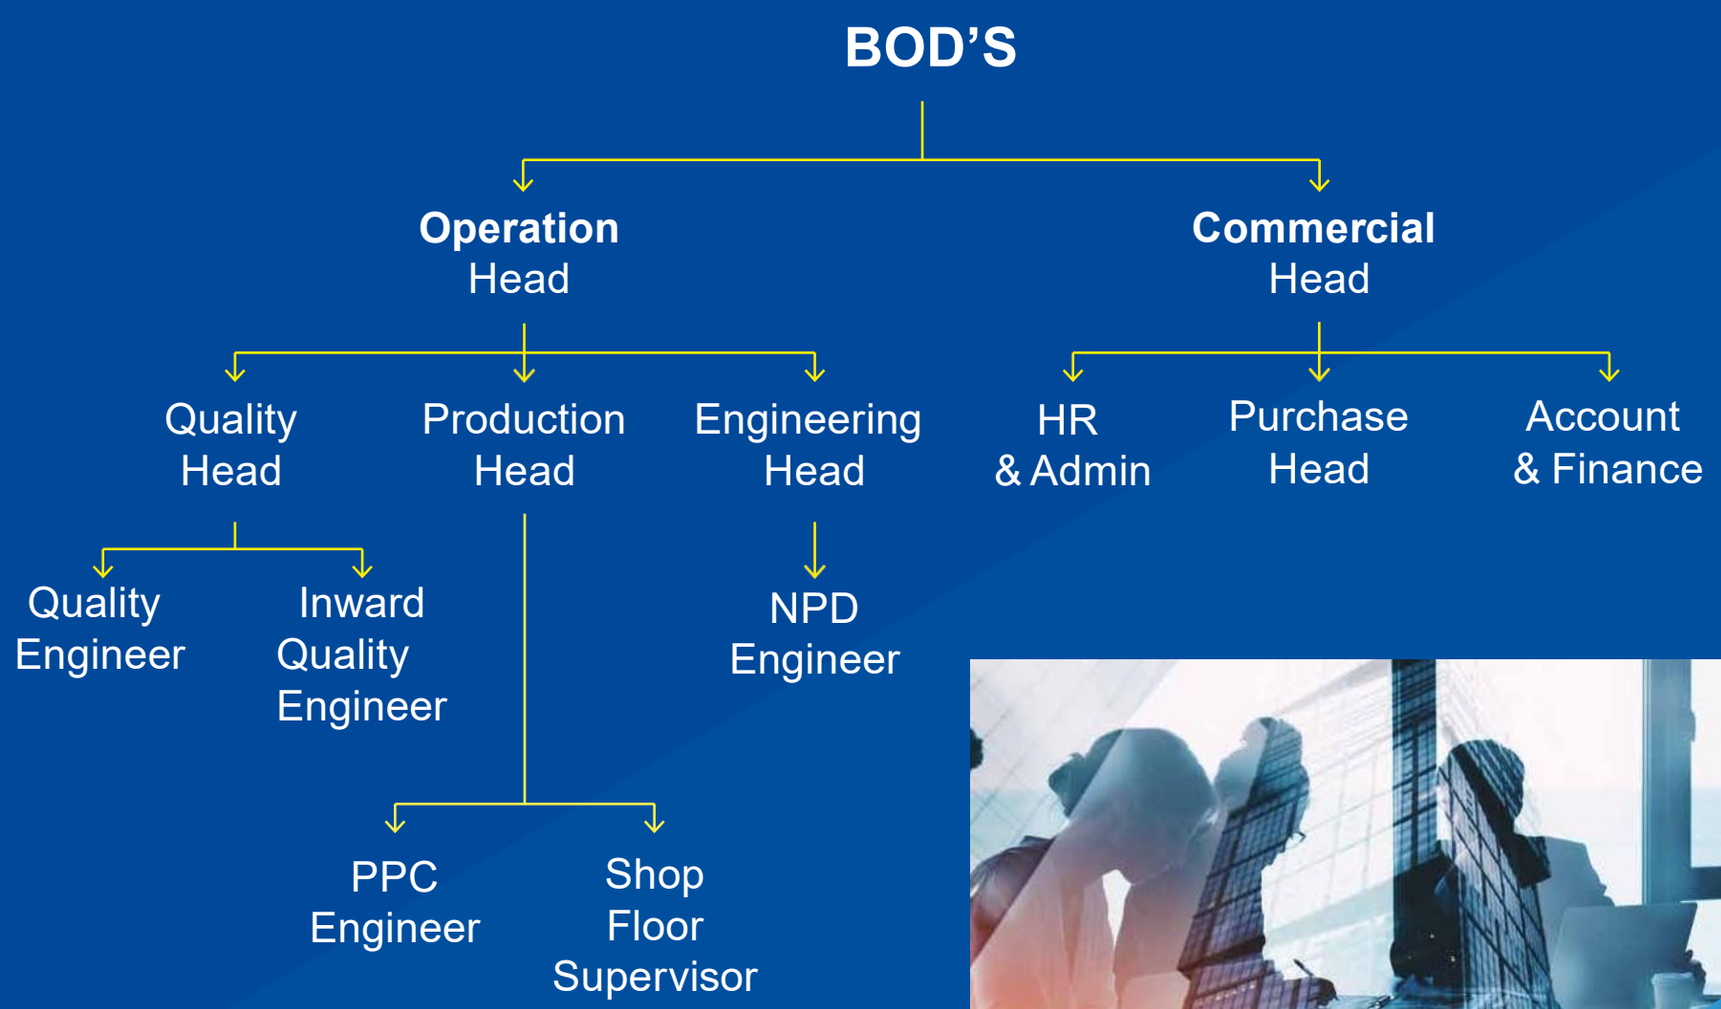
INFRASTRUCTURE (New Addition)

25,000 sqft new facility in progress

To be completed by mid Feb 2026

OM ATHARVA
INDUSTRIES

ORGANIZATION STRUCTURE



OM ATHARVA INDUSTRIES

TOOL ROOM

WELL EQUIPED TOOL ROOM

Toolrooms play crucial roles in supporting the daily production. It is the nerve center of our manufacturing operations. Ergonomics become increasingly important, and extra care must be taken to.

OM ATHARVA
INDUSTRIES

QUALITY POLICY

Our aim at Om Atharva Industries is to manufacture and supply quality press parts components to our customers as per their specification and requirements and enhance their satisfaction.

To achieve this, we are committed to establish and maintain **IATF 16949:2016** Quality Management System and satisfy applicable requirements and also achieve the set quality objectives and continually improve our performance.

We are also targeting **VDA 6.3** certificate by the end of this financial year in order to enhance our systems and processes.

SUCCESS STORY – FORTUNA (CGT)

Fortuna Project launched by Cummins India

Difficulty faced in achieving ovality within 0.8 mm

Heavy welding led to severe distortion disrupting ovality

Various methods were tried for shell expansion to achieve dimension

After multiple trials and expert guidance, hydraulic shell expansion was brought in

Successfully supplied 4,00,000 + frames uptil now

OM ATHARVA INDUSTRIES

SUCCESS STORY - AMaZe PROGRAMME

1 year programme launched by Cummins for Zero Defect

It is Accelerated Move towards Zero Defects

Target was to achieve zero defects through process improve-ments

One year programme successfully implemen-ted and target was achieved

Selected for AMaZe graduation ceremony among Top 25 suppliers

Among 25 suppliers, Om Atharva only company to be under 100 Cr turnover.

ORGANIZATIONAL CULTURE

1) DSI (Daily Small Improvements) – A system that we follow for continues improvements and enhancements in our processes and management.

2) DSA (Daily Small Appreciation) – A system followed for everyone where each one gets appreciated for any small difference they create in company in everyday life.

3) Regular 5S audits and monitoring with participation from each staff.

4) Various performance based Awards and Recognition given to staff at the start of each month and quarter to keep the motivation high.

5) Target achievement parties quarterly and 2 outings yearly to boost the overall morale and keep them refreshed

6) Trainings at the end of every quarter on various topics to develop skillset of team.

OM ATHARVA
INDUSTRIES

CORPORATE SOCIAL RESPONSIBILITY

1. We started our CSR in 2015 itself by providing Blankets and Clothes to the underprivileged people on streets on our Sr. Directors Birthday.

2. We took forward our CSR from then by taking an initiative of Tree Plantation at different places on our Foundation Day each year. Every member of our corporate family participates in it.

3. We also give our share of contribution to Shrushti Marg Sanstha – A reputed NGO that works to preserve, save and enhance Nature.

TESTIMONIALS

David Jepson
KAB Seating Ltd, UK

Paul Hunt
KAB Seating Ltd, UK

Hello Om Laddha

Please accept our apologies for not responding back to you sooner following our visit to your impressive facility last week.
It was a great pleasure for Paul and I to meet you and all the team at OM ATHARVA and we want to sincerely thank you for your very kind hospitality.
Many thanks also for the pictures you sent through which will be a lasting memory of our visit – I have also attached a picture we took upon our arrival.

Although the visit was short we were both very impressed with the professionalism of your team, your technical capabilities, investment and impressive housekeeping.
The most outstanding aspect apart from your obvious passion and ambition is your total respect and regard for your most valuable assets - your employees.
Fostering a positive work environment by setting a culture of high(but reasonable) expectations through ownership, recognition and championing health, wellness and safety drives zero accidents, improved efficiencies and consistent quality.

The growth curve you presented to us over the next five years is impressive and we are sure that through your effective leadership you will successfully influence and support your teams to execute the company's vision and create a work culture that allows employees to contribute.
Long term sustainability is driven by establishing high behaviour and performance expectations.

Once again many thanks for your hospitality and we wish you all the good luck for the future.

Best regards

Dave Jepson and Paul Hunt
